(Changes shall be shown in bold type)

1.1 INTRODUCTION

The following language shall replace and supersede the third paragraph in Section 1.1, "Introduction:"

"Grand or jackpot prizes (the highest prizes that can be won) from any NCEL games, including instant and/or on-line games, will be a minimum amount of one million dollars (\$1,000,000.00). The prize will be paid annually over a period of **twenty (20)** years with the first payment being made by the NCEL and the remaining **nineteen (19)** payments being made by the successful bidder. The NCEL may consider launching a "Win For Life" game which may offer a top prize of guaranteed annual prize payments for the winner's life, paying a maximum of sixty (60) years and a minimum of twenty (20) years. As new game concepts are developed over the life of the Contracts, there may be other annuity payments which would be part of a game award. Details on the type of annuity required **and the length of annuity payments** will be provided by the NCEL at the time it requests a specific price quotation request to the Vendors."

4.48 SCOPE OF SERVICES

4.8.1 INTRODUCTION

The following language shall replace and supersede the paragraph in Subsection 4.8.1, "Introduction:"

"The NCEL anticipates launching an Instant Ticket Game in January 2008 that incorporates four (4) jackpot/ grand prizes. As part of the Instant Ticket Game, the NCEL would like to offer jackpot winners an annuity with a guaranteed top prize of one million dollars (\$1,000,000.00) per prize award, payable in **twenty (20)** annual payments. It is the intent of this ITB to award multiple Contracts to qualified Vendors; whereby the NCEL may subsequently solicit Price Quotations from the selected pool of Vendors for each annuity prize award. The NCEL will then enter into a separate Contract with the successful bidder of the Price Quotation phase. The first payment will be made by the NCEL and the remaining **nineteen (19)** payments shall be made by the successful bidder. Payments will be made in equal installments, one each year on or before a specified date as determined by the NCEL. Where there is more than one claimant on an annuity prize award, each winner shall receive a pro-rata share for the term provided. As new game concepts are developed over the life of the Contract(s), there may be other annuity offered as part of a game award. Details on the type of annuity required will be provided by the NCEL when it requests a price quotation from the Vendors."
